

LIST OF FIGURES

Figure 1.	Map showing Northern Ireland land type classifications	58
Figure 2.	Distribution of LFACA Scheme receipts 2005-2007	101
Figure 3.	Trend in the number of holdings by land classification type, 1986-2007	105
Figure 4.	Trend in the average UAA per holding by land classification type, 1986-2007	106
Figure 5.	Trend in the average SGM per holding by land classification type, 1986-2007	107
Figure 6.	Percentage of farm types by year and land classification type, 1986-2007	108
Figure 7.	Trend in the number of full-time farmers by land classification type, 1985-2007	110
Figure 8.	Trend in the number of part-time farmers by land classification type, 1985-2007	111
Figure 9.	Trend in the percentage of farmers aged less than 65 years old with Other Gainful Activity (OGA), 1993-2007	112
Figure 10.	A comparison of the percentage of farmers and spouses aged less than 65 years old who have Other Gainful Activity (OGA) by land type, 2007	113
Figure 11.	Trend in the average number of livestock units per holding by land classification type, 1986-2007	114
Figure 12.	Trend in the average number of livestock units per UAA by land classification type, 1986-2007	115
Figure 13.	Trend in the number of dairy cows by land classification type, 1985-2007	116
Figure 14.	Trend in the number of beef cows by land classification type, 1985-2007	118
Figure 15.	Trend in the number of breeding ewes by land classification type, 1985-2007	119
Figure 16.	Trend in the number of breeding pigs by land classification type, 1985-2007	121
Figure 17.	Trend in the number of poultry ('000) by land classification type, 1985-2007	122
Figure 18.	Trend in the area of crops (ha) by land classification type, 1985- 2007	124
Figure 19.	Average Farm Business Income by land classification type, 2002/03-2006/07	127
Figure 20.	Average Farm Business Income of LFA cattle and sheep farms 2002/03-2006/07	128
Figure 21.	Less Favoured Area Compensatory Allowance received by LFA cattle and sheep farms 2002/03-2006/07	129
Figure 22.	The percentage of Farm Business Income that is made up of LFACA payments on LFA cattle and sheep farms 2002/03- 2006/07	130
Figure 23.	A comparison of the input costs per £100 of output by land type 2002/03-2006/07	131
Figure 24.	Map showing accessible and non-accessible super output areas	136

Figure 25.	Map showing land type and accessibility	136
Figure 26.	Comparison of the multiple deprivation ranking in rural areas by land type and accessibility	138
Figure 27.	Comparison of the income deprivation ranking in rural areas by land type and accessibility	139
Figure 28.	Comparison of the employment deprivation ranking in rural areas by land type and accessibility	139
Figure 29.	Percentage of farms with diversification (excluding haulage and contracting) in rural and urban areas by land type and accessibility	140
Figure 30.	Areas of outstanding natural beauty	154
Figure 31.	Status of Northern Ireland priority habitats (2005)	156
Figure 32.	Special areas of conservation (SACs)	158
Figure 33.	Percentage of land under a CMS or ESA Scheme	160
Figure 34.	Map of Northern Ireland indicating the distribution of ESA monitoring sites in relation to the location of ESAs, SDAs and DAs.....	164
Figure 35.	Map of Northern Ireland indicating the distribution of CMS monitoring sites in relation to the location of ESAs, SDAs and DAs.....	166
Figure 36.	Percentages of farm households which had dependants by farm type.....	208
