

**Venue:** Environment & Renewable Energy Centre,  
AFBI, Hillsborough  
**Date:** Wednesday 19 August, 2009  
**Time:** 8.30am - 1.30pm

**There is an increasing drive to reduce carbon in the agri-food industry from government, retailers and heightened consumer awareness. But what does that mean for you?**

Find out from industry experts at this free half-day conference tailored specifically to the NI agri-food industry.

**Using local case studies, key speakers will:**

- provide a clear understanding about carbon & climate change
- discuss how it will affect your business or farming practices
- examine ways to measure and reduce it
- and discuss some of the carbon standards used

**Don't miss this important event!**
