The Green Challenge Conference

“Sustainability in Horticulture”

The Green Challenge Conference is aimed at increasing your awareness of sustainable issues impacting on your business and will highlight potential solutions.

The Conference will feature presentations from key industry speakers and demonstrations on the following topics:

- Optimising the use of energy and the production of waste
- Developing the use of renewable resources e.g. using a biomass boiler, solar panels and wind turbine
- Encouraging reuse and recycling

The cost per person attending is £10 (to include lunch). Please complete the reply slip with cheque made payable to the Horticultural Trade Association and return by Friday 23rd January 2009 to:

Rebecca Coalter,
Technology Development Branch,
Greenmount Campus, CAFRE, 22 Greenmount Road,
Antrim BT41 4PU

I / we wish to attend the Green Challenge Conference on Thursday 5th February 2009 at Greenmount Campus, CAFRE, and enclose payment of £..... for attendee(s).
