

CLEANSING AND DISINFECTION OF ANIMAL TRANSPORT

HELP PREVENT THE SPREAD OF ANIMAL DISEASE

- Clean and disinfect all vehicles and equipment used to transport animals as soon as possible and not more than 24 hours after completion of the journey.
- Remove all feedingstuffs, litter, excreta and other material of animal origin, mud, etc.
- Ensure all feedingstuffs, litter, excreta, etc are disposed of correctly.
- Clean using water, steam or chemicals where appropriate until free of dirt.
- Disinfect using a **DARD** approved disinfectant.

Further details including exemptions can be found in **The Transport of Animals and Poultry (Cleansing and Disinfection) Order (Northern Ireland) 2007**. This can be viewed on the **DARD** website at www.dardni.gov.uk
